

presents
pearls in nerve
and tendon injury:
embracing the differences in
surgical treatments

a virtual industry forum hosted by

Tim Daugherty, MD
Institute for Plastic Surgery
SIU School of Medicine
Springfield, IL

Greg P. Kolovich, MD MPH
Optim Orthopedics
Savannah, GA

This webinar will highlight key strategies for managing complex hand trauma involving both nerve and tendon injuries. Real-world cases will be presented to illustrate decision-making and outcomes, with practical insights on surgical approach, rehab protocols, and collaboration across care teams.
