

contemporary techniques in  
**upper extremity  
nerve management**

**October 17, 2026**

Location: Great Lakes Surgical Institute  
1708 Northwood, Troy, MI 48084

A one-day educational program on advanced upper extremity surgical techniques for complex cases, featuring different nerve repair approaches and case-based discussions.

**program objectives**

- Stay current with the newest evidence-based clinical data
- Understand the algorithms for nerve repair
- Learn about nerve protection and repair technologies and science
- Practice microsurgical skills in a hands-on cadaver lab
- Learn from experienced faculty through peer-to-peer case-based discussions and relevant clinical applications
- Gain insights from clinical faculty on practical surgical approaches

**invited faculty<sup>1</sup>**

- Joseph Styron, MD**, Cleveland Clinic, OH
- Deana Mercer, MD**, The University of New Mexico

**Join us for an informative dinner presentation:**

“Patient Access in Nerve Repair – Coverage & Payment is Evolving” at 7:00pm on Friday, October 16; attendance optional, location to be announced.

practice nerve repair techniques

evaluate algorithm in cadaveric setting

participate in interactive case studies
